Only the very best boots and shoes at C. BLANCHARD'S.

The houses of C. Maley and H. Maurer on Center street are nearly completed.

The trains come in loaded with passengers every evening. The hotels backs and boarding houses are doing a rushing business.

The building heretofore occupied by Rosenwald & Co's is receiving a new coat of plaster which improves its appearance.

If you think a nine stop cabinet Organ is cheap at \$65.00. C. BLANCHARD will tell you all about it.

Rev. H. Forrester has arranged to hold services in Mrs. Conklin's room at 3 P. M. Sunday school will be held at 4 o'clock.

What do you think of square, 7 1/2 actanes Piano, full case, four great round corners, beautifully carved, with improved and complete grand action, for \$200.00 and warranted for five years. You should inquire of C. BLANCHARD'S.

The work of fitting up Rosenwald & Co's new store at the south east of the plaza is progressing rapidly under the superintendence of Mr. Wheelock. The shelving and drawers are now going on and the rooms will be ready for occupancy by next week.

Under Dr. Pettijohn's skillful treatment Dolly Varden the somewhat immense specimen of female humanity who fell and broke her arm is getting well and will in a short time be again able to mingle in the mazy circles of the waltz as before her accident.

Howell the grocery man has been in business here only a short time but already acquired such a reputation for the excellent quality of his goods for fair dealing that his room in the Baca building is constantly filled with customers many of his best customers coming from distant parts of town.

The most beautiful line of Cook and heating stoves ever brought to New Mexico at C. BLANCHARD.

In all that extent of country from the Hot Springs to Romeroville, from the top of the nine mile hill on the east to the crest on the west buildings are either being put up or projected. It is a section of country that will compare favorably in size with Rhode Island and if built all over will make a considerable town, yet we believe A. O. Robbins who has the furniture store in the Baca building can supply all this population with furniture for their houses, mattresses for their beds, queensware and glassware for their tables while living and coffins for them when dead.

**About a School**  
Hand bills were stuck up in the new town two or three days ago calling for a school meeting at the Mackley House for Wednesday evening. The time came and the House was there all right but the independent citizen failed to respond to the call. Evidently the citizens of the new town want the authorities to adopt the American plan of organizing the free schools for the public for the equal benefit of all. When the matter is thoroughly understood it will be found that the citizens of the new town wish a school district organized they want a house built and a school taught which shall be for the purpose of affording an education to the children, and not for the benefit of any particular person or class of individuals.

## GRAND EXCURSION.

### Pic-nic, Dancing Booth, Croquet and General Diversion and Amusements.

Capt. Simms John Bell were among arrivals Wednesday night. The are at the Grand View.

Mr. M. Ravold, General Agent for the New York Life Insurance Company arrived on Wednesday evening and will remain sometime in the interest of that company.

Mr. Ed. Fox met with a severe accident Wednesday. He was coming from Mora on horseback when on the other side of Sapello on coming down the hill his horse stumbled and fell throwing him on the ground and breaking his arm. Not being able to capture his horse he walked into town, Thursday morning, and had the broken bone set. He is now doing well.

Messrs. John R. Mulvane, President and Joab Mulvane of the board of Directors of the Tepeka, Kansas, Bank, were among the prominent arrivals by the train, Wednesday evening. They came in company with Hon. Miguel A. Otero and are looking at Las Vegas with a view to investments.

We were favored Thursday by a call from Brothers David, President, Fabian and Laurentian, principal teachers in St. Mary's College, Mora. The college commencement which took place on the afternoon of Aug. 26th was largely attended and very successful, and now the brothers are en route to Santa Fe on a trip for recreation and pleasure. St. Mary's College is an excellently conducted school and has an enviable reputation in the Territory. We shall in future number give a full account of this college and the commencement exercises.

#### SELECT SCHOOL.

ON OR ABOUT THE FIRST OF SEPTEMBER, Miss Annie G. Wood, now of Trinidad, will open a Select School in the room now in process of erection on the premises of the Presbyterian mission. She will teach five hours a day and five days in a week. Every pains will be taken to make it an excellent school and attractive to the pupils. The room will be well finished, neat and commodious, well lighted and ventilated, and in the winter well warmed. The public are invited to examine the room when it shall be completed. The terms will be \$3.00 per month, payable monthly. No deduction will be made for absence, except in case of sickness, unless the pupil is absent one week, and when the pupil shall have been absent one week, (there having been no illness to prevent attendance), the seat will be considered vacant and given to the next applicant. Pupils will be registered in the order of application. Application should be made to the undersigned until Miss Wood arrives.

I believe Miss Wood to be well qualified to make this contemplated school such an one as the citizens of Las Vegas would desire. Her testimonials are of a very high and satisfactory character. JOHN A. ANNIN, Las Vegas July, 31, 1879.

# LOTS FOR SALE AT THE HOT SPRINGS OF NEW MEXICO.

The completion of the Atchison Topeka & Santa Fe Railroad to Las Vegas and the Hot Springs and the fact that they, the greatest corporation of the age, have recently become the owners of these Springs, their policy being to spare no money to make the ground attractive, and to furnish ample Hotel and Bath accommodations to meet the demands of their patrons. By this grand system of advertising, and the liberal spirit that they have always shown toward the traveling public, makes it an accomplished fact that the Hot Springs of New Mexico is destined to become the greatest Sanitarium and Tourist Resort in America. The grounds at the Springs has been laid out in lots and parks to suit the wants of the home, pleasure, and health seekers, the capitalist, and all who want a desirable place to live where health and good society can be obtained. These lots both for business and residences are now offered for sale at a very reasonable price. These

## Remarkable Springs

although until within a few years comparatively unknown to the outside world, have a local reputation which antedates the present century, and from time immemorial have been resorted to as the "Great Salubrium" by the natives of this Territory. The mineral constituents of these waters closely resemble those of the Hot Springs of Arkansas, and those famous Thermal Springs of Europe. The Prefers in the valley of the Rhine, and the Pommieres, the popular resort of France, situated in the valley of the Vosges Mountains, and the Leux in the picturesque valley at the foot of the pass over the Gemmi Mountains. At these springs thousands of invalids visit annually, and are

## Cured of the Diseases of the Blood

Skin, stomach, paralysis, gout, rheumatism, gravel, Catarrh, and female complaints by bath in and drinking the water. People visiting the Hot Springs of New Mexico have been cured of all of the above diseases, and even more. It is the invalids paradise. The great Sanitarium of the world for lung diseases. The atmosphere is clear and dry, and pulmonary and miasmatic complaints are scarcely known.

The proportion of deaths from consumption here being smaller than in any state or territory in the Union. The mean annual temperature at these Hot Springs is 50 o Fahr, being at an elevation of nearly 6400 feet. Summers are cool; nights from 55 o to 60 o. and the winters are remarkably mild and dry, the temperature seldom falling below the freezing point. The rainy season is in July and August. These Springs are located in about 35 degrees of north latitude, which makes the climate mild and temperature unmarked by extremes either of heat or cold. The bracing air, its mountains, the gorgeous picturesqueness of its canyons and valleys combine to make it one of the most pleasant resorts for tourists. Only 36 hours ride from St. Louis. After leaving La Junta, Colorado, until reaching the Springs the traveler sees spread before him a vast panorama of mountain, valley, and rocky canyons, stretching hundreds of miles. No better place can be found for the stock-grower to live and raise his family than at the springs.

With all of the above advantages the duldest of comprehension cannot fail to see the advantage of an early investment in property in and about the Springs, as there are but a few hundred lots for sale, and they will soon largely enhance in value from the prices now asked.
